Need some heavy duty storage for your garage? These pallet racks are made from 1/4" steel and will easily hold 2,000 lbs. They have multiple spacing options and if space is tight you can set the bottom shelf high enough to drive the hood of your car under it and still have plenty of room.

The end racks are 6 feet tall and the cross arms are 8 or 10 foot wide.

Storage racks with far less capacity at the box stores sell for \$180.

End racks are \$100 each and cross arms are \$50 each. I have multiples so you can create as many shelves as you'd like.
